HEALTH GUARANTEE

Microchip # _____ . DOB _____.

Reg # _____.

Your puppy comes with a (2) year HEALTH GUARANTEE that covers congenital health defects for a period of (2) year from the date of birth. We are partnered with **NuVet Labs Plus** as a health supplement to assure the puppies good health (you must purchase product within 14 days of receiving the puppy use our code #) during the period of this HEALTH GUARANTEE.

You must notify seller immediately if your puppy becomes ill, does not eat well, or shows any other signs of distress for a period of thirty (30) days from the date of purchase.

You have seventy two (72) hours from the time of purchase to have your puppy examined by a licensed veterinarian. If your puppy is found to have any life threatening or genetic defects, you must notify seller immediately and provide to seller a written veterinarian's statement that includes the complete diagnosis of the puppy's condition within 48 hours of diagnosis. We reserve the right to have the diagnosis verified by another veterinarian of our choice and/or require you to have specific tests run on the puppy to verify the diagnosis. If the puppy is replaced, it will be replaced with one of equal value as soon as available and only after the puppy and all papers have been returned (in satisfactory condition) to seller unless seller determines a refund is more appropriate. You are responsible for providing all transportation and transportation related costs of transporting puppy/puppies. Puppy must not be euthanized without prior written approval from the seller or this guarantee is void. You understand that your puppy will only be replaced if health problems are life threatening and are attributed solely to a hereditary problem and are not due to accident or injury. If my puppy dies and I am requesting a replacement puppy or refund, I understand that I must have a necropsy performed by a State Laboratory, at my expense to determine the cause of death. My puppy will be replaced or refunded, only if the death was caused by a covered genetic problem or an illness which my puppy had at the time of purchase. Failure to follow the medical advise and/or treatment instructions of veterinarian or seller will void this guarantee. Seller is not responsible for any veterinarians bills unless previously agreed to in writing by seller. Seller does not guarantee the size, color, hair length, texture, temperament and/or house training abilities of your puppy.

Not covered--internal or external parasites, hernia, undescended testicles, under or overbite, injuries, allergies, heat exhaustion, or hypoglycemia. Hypoglycemia is preventable with good care and feeding. Because a luxating patella or collapsed trachea can be caused by injury, they are not covered if they are not discovered during your veterinarian's initial examination. Kennel cough and other communicable diseases are not covered after your veterinarian's initial examination. New Puppy Owner: _____. Please initial.

Hips and Elbows, Guarantee

1. Hips and Elbows should be x-rayed between 24 and 28 months of age by an approved veterinarian and x-rays sent to O.F.A to be examined. Dog's over 28 months will not be covered and Dog's under 24 months will not be covered.
2. If the dog was certified to be dysplastic, the owner must submit proof in writing from O.F.A (A copy of O.F.A.'s certification) and provide written form via veterinarian of spayed or neutered. LABS ATK has access to any vet records of injuries occurring prior to 2 years of age. (Micro Chip numbers must be present on written documents).
3. The dog must not be use for breeding until x-rayed and approved by O.F.A . If the dog is used for Breeding or has been bred before being approved by O.F.A .,guarantee is VOID.
4. Puppies will be sold with Limited Registration until they have passed and met all their health requirements in LABS ATK guarantee. LABS ATK will sign Full Registration to owner upon request. A \$25.00 transfer fee will be charged.
5. No dog will be guaranteed unless The Dog is registered with AKC, Micro-chip must also be registered, and registration has not been transferred to a new owner. LABS ATK may for any of these conditions, refuse a new owner requesting dog replacement.
6. You must use a Large Breed Puppy Food AAFCO Approved Only until 18 months of age. (we recommend **Diamond Naturals Large Breed Puppy**)
7. You must use **NuJoint Plus** by **NuVet Labs** www.nuvet.com **use our code#** _____ **when ordering.**
8. We guarantee not to produce an affected or positive dog with EIC and CNM.
9. If not considering a breeding program, puppies should be spayed or neutered after the age of 18 months, this will promote good healthy joints and growth development.

This HEALTH GUARANTEE is void if you fail to meet any of its terms and conditions.
By signing below, I state that I have read, understand, and agree to all of the terms and conditions of this HEALTH GUARANTEE.
